TRENDS IN RENOVATION

DESIGNER FLOORS OF HOUSTON

Houston | Texas | 713.355.7500 | designerfloorsofhouston.com

Rising gracefully to the challenge of numerous whole-home renovations, Designer Floors of Houston partnered with Tami Owen of The Owen Group Design Firm to transform this West University home into a masterpiece. Working closely alongside David Crow of Stonehenge Classic Homes, Inc., Tami Owen used classic, warm gray tones to provide a comfortable home for their clients. The showcase of the home, the master bath, features a white marble installed in a herringbone pattern for the bathroom floor and shower walls. "We love partnering with professionals with the reputation that Tami Owen and Stonehenge Classic Homes, Inc. have," says Linda Marshall, principal of Designer Floors of Houston. "Our materials, paired with the classic, clean lines and tones for which The Owen Group Design Firm is known, make for a sophisticated, fresh palette that will last through the trends." Designer Floors of Houston also has marble-look porcelains that can be used to create the same aesthetic.
